

THE JOB:

FIBERGLASS TECHNICIAN

Job Duties:

- Cut fiberglass mat and reinforcements and load into mold
- Assist in the gel coat process (preparing materials, spraying, or other duties)
- Assist in the resin injection process as needed
- Trim and sand fiberglass parts as needed

Skills Required:

- Painting or sanding experience preferred
- Experience working with fiberglass composites is preferred
- Ability to read a tape measure
- Ability to lift 75 lbs. (periodically) and stand for 8-10 hour work days

In addition to possessing the technical qualifications above, the ideal candidate will be hard working, reliable, fast learning, quick on their feet, and focused on contributing to the team.

Pay & Benefits:

- \$13-25 / hour depending on past experience and skill level
- Paid vacation
- 401K with company match
- Profit share plan
- Healthcare supplement
- Short-term disability plan
- Family-friendly hours
- Fun atmosphere

Who We Are:

Weiland Doors has manufactured doors and windows for the food processing and cold storage industries since 1984. Weiland Doors values its employees – many of whom have been with the company for 15+ years. Due to steady growth, we are looking to add to our team. Weiland Doors has never had a layoff in its company's history and seeks employees that want to work hard to be a part of something special, yet also have a work-life balance.

Typical production hours are from 6:30 a.m. – 3:30 p.m., Monday through Thursday; and 6:30 a.m. – 12:30 p.m. on Friday. Occasional overtime is required, and optional overtime is typically available.
