

THE JOB:

LASER AND AUTOMATION TOWER OPERATOR

Summary:

Weiland, Inc., a leading manufacturer of doors and windows for the food and pharmaceutical industry, is hiring a Laser & Automation Tower Operator, based out of our Norfolk, Nebraska facility. This role is responsible for running our Amada laser and automated loading tower.

Job Duties:

- Perform set up and running of Amada Ventis Laser and CL Automation Tower
- Able to adjust settings as needed to ensure quality cuts
- Monitor cuts to ensure no tip-ups
- Ensure cutting head is clean and calibrated
- Troubleshoot errors as they occur to ensure continual operations
- Can demonstrate knowledge of CNC programming
- Load and unload materials from tower and rear output system
- Help final part preparation, including deburring metal and countersinking fastener holes
- Help with organized workflow and material handling
- Practice safe work habits at all times
- Perform assigned machine operation maintenance
- Occasional travel for training
- Other duties as assigned

Education and Experience:

- 1-2 years experience with metal fabrication – ideally using laser or CNC machinery
- Proficiency in computers and managing technology
- Demonstrated success in previous positions
- Proven problem solving and team-oriented communication skills

Pay & Benefits:

- Full-time Position
- Starting Pay: \$24-30 per hour based upon machine experience and knowledge
- Healthcare insurance stipend
- Two weeks paid vacation
- 401K with company match (4% matched at 5% contributed)
- Short-term disability plan
- Profit share

Weiland Inc. has manufactured doors and windows for the world's largest food producers since 1984, including at least 90% of the top 10 companies in each of the Meat & Poultry, Dairy, Ready-to-Eat Meals and Entres, and Snack and Appetizer market sectors, as well as 55% of the broad list top 100 food and beverage companies in North America. Still we are poised for tremendous growth as the only company in the nation with products designed for the needs of our customers.

Production Team Hours: 5:30 a.m. - 4:00 p.m. Monday to Thursday
