DESIGNED TO PERFORM. BUILT TO IMPRESS.

VATALAB WINDOWS

Innovation In Every Frame

Why Choose VATALAB Windows?

At VATALAB, we don't just sell windows—we provide solutions. Our attention to detail, innovative designs, and commitment to excellence ensure that your facility looks and performs at its best.

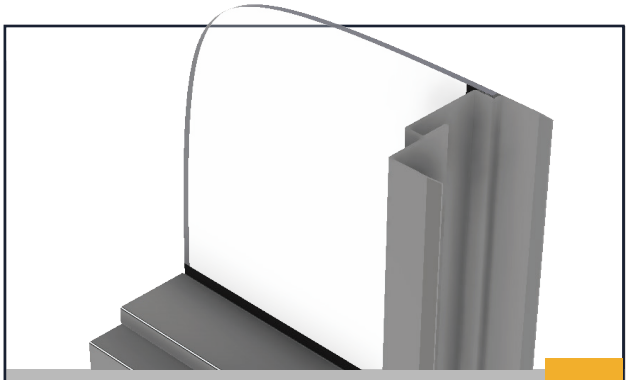
Top Features & Benefits:

Chemical Resistance: Built to withstand harsh environments without compromising durability or performance.

Seamless Design: Clean, brushed welds ensure a sleek and polished finish compared to visible welds—perfect for environments where aesthetics matter.

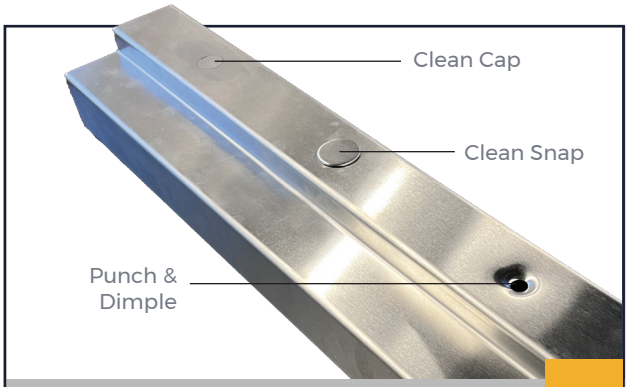
Versatility: Compatible with various wall systems, including cleanroom walls, making it easy to incorporate into any project.

Ease of Use: Choose from 2-part frames for retrofits or standard frames for new construction to simplify installation.



STAINLESS STEEL 2-PART FRAME +

- Perfect for retrofit or existing wall installations
- Comes with CleanCaps standard for hygienic function and easy install



CONCEALED FASTENER OPTIONS +

- Universal compatibility with every wall type
- Can be installed after the drywall is already in place
- Fastener is concealed

INNOVATE BOLDLY
